

packing instructions

- 1: Start by loading instructions, extra parts, etc. in the compartment at the bottom of the shipping case.
- 2: Continue by loading the longest frame pieces in a single layer on the bottom of the case as shown. Load smaller frame pieces, using all available space. Lay a single cardboard insert over the entire layer, being sure it lays as flat as possible.
- 3: Next load the counter tops (stacked bottom to bottom) on top of the cardboard insert as shown. Lay in long pieces and cover with another cardboard insert.
- 4: Lay in the remaining frame pieces as shown.
- 5: Finally load the fabric graphic, lights (in shipping tubes), spare velcro, and other miscellaneous parts.
