

FLEXPO™ ranger™

Horizontal Graphic Fabric™

Vertical Graphic Fabric™

a lot of display in a little bitty package...

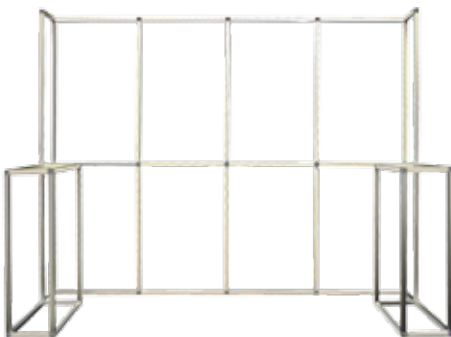

The FLEXPO™ Ranger is a 10 foot display that is both functional and efficient with two large integrated counters and lots of hidden storage. Vertical, horizontal, or full-coverage graphic options let you choose the look you want. The lightweight and compact disassembled unit reduces your freight costs and the no-tool design will eliminate labor costs since the entire unit can be setup in less than 30 minutes. And because the Ranger is part of the FLEXPO line, the frame is easily re-configurable into different displays!

features

- Accommodates RasterPrint™ or Lexan® Digital Graphics
- No-tool assembly
- Quick, intuitive setup
- Frame re-configurable into alternate displays
- Extremely compact shipping
- Lightweight

rear mounted Lexan® Digital Graphic

Optional Lighting
